

ABOUT US

Smart Farm Pro is a comprehensive, advanced smart farming solution designed for progressive farmers who want complete control over crop health, weather risks, soil conditions, and farm protection.

By integrating smart weather monitoring, animal intrusion detection, soil intelligence, and AI-based farm management, Smart Farm Pro enables data-driven decisions that improve yield, reduce losses, and maximize long-term farm profitability.

Kota., Rajasthan 324002.

OUR PURPOSE

To empower farmers with reliable smart farming technology that protects crops, optimizes resources, and ensures sustainable, profitable agriculture.

WHAT SMART FARM PRO OFFERS

- Real-time weather intelligence
- Crop protection from animal intrusion
- Soil health & nutrient monitoring
- AI-powered farm insights

SMART FARM PRO

Designed for modern, data-driven farming.

WWW.KRISHIGYANAI.COM

WHY SMART FARM PRO?

Modern farming faces challenges like unpredictable weather, soil degradation, and crop loss due to animals. Smart Farm Pro addresses these challenges by providing real-time data, early alerts, and intelligent insights helping farmers take timely action and reduce risks.

KEY BENEFITS

- Increased crop yield
- Reduced crop loss from animals
- Optimized fertilizer & water use
- Real-time weather & soil alerts
- Easy mobile monitoring
- Data-driven farm decisions
- Higher profitability per acre

WHAT'S INCLUDED

- **SMART WEATHER MONITORING STATION (1 NOS)**

Tracks rainfall, temperature, humidity, and climate conditions in real time.

- **ANIMAL DETECTION SYSTEM (4 NOS)**

Detects animal movement near fields and sends alerts to prevent crop damage.

- **7-IN-1 SMART SOIL SENSOR (1 NOS)**

Monitors soil moisture, temperature, pH, NPK, EC, and salinity.

- **KRISHIGYAN AI APP (1 NOS)**

Provides live farm data, alerts, and AI-based crop recommendations.

SMART FARM PRO PACKAGE

- **WEATHER STATION (1)**
- **ANIMAL DETECTION SYSTEM (4)**
- **7-IN-1 SOIL SENSOR (1)**
- **KRISHIGYAN AI APP (1)**

PRICE: ₹1,25,000 ONLY

One-time investment | Long-term farm intelligence & protection
